and [REDACTED] of DIA, hosted by Gen. Carter
and attended by Drs. Cline and Wheelon and
the Undersigned

1. On Monday, 12 August, a luncheon discussion was held between DIA and CIA at which time the latest organization chart of CIA was exhibited to General Carroll and his associates and the latest organization changes were described in detail. Following this, Dr. Cline talked about the work of the DD/I, particularly in the research area. Dr. Wheelon described the activities of each of his offices. It was stressed to General Carroll that the purpose of this detailed discussion was to show DIA what CIA was doing so that they could take advantage of any of our activities and products.

2. General Carroll raised two points. (1) He asked that a more detailed briefing on the Agency's scientific and technical effort be given to [REDACTED] of DIA. (DD/S&T will arrange this.) (2) He asked that some additional arrangement be made so that on public statements or testimony, CIA and DIA could work together to insure that they were presenting identical views.
